Profile

Vulnerability Assessment & Penetration Testing (VAPT) professional with 2+ years of hands-on experience across web applications, APIs, network infrastructure, and OT/IT environments. Currently working as VAPT Consultant and SPOC for CERT-In empanelment, leading OFPST and OLPST practical skill tests. Strong expertise in manual exploitation, OWASP Top 10, CVSS risk scoring, and audit-ready reporting. Experienced in client coordination, remediation validation, and compliance-driven security assessments.

Achievements

Recognized by NASA under their Vulnerability Disclosure Program (VDP)

Acknowledged by the National Aeronautics and Space Administration (**NASA**) for responsibly identifying and reporting a previously unknown vulnerability, contributing to the security of NASA's digital assets. Received an official appreciation letter from NASA's Senior Agency Information Security Officer (SAISO).

Professional Experience

VAPT Consultant (*Dievas Technologies Pvt. Ltd*)

Noida, U.P 08/2025 – Present

- Led end-to-end Vulnerability Assessment & Penetration Testing (VAPT) across web applications, APIs, internal infrastructure, and OT-integrated systems, identifying critical attack paths and security weaknesses.
- Performed advanced manual exploitation of OWASP Top 10 and infrastructure vulnerabilities (XSS, SQLi, IDOR, authentication bypass, misconfigurations), validating findings beyond automated scans.
- Executed network and internal penetration testing, including firewall rule review, segmentation validation, credential abuse, and privilege escalation scenarios within enterprise and OT-connected environments.
- Delivered audit-ready technical reports with CVSS-based risk ratings, proof-of-concept (PoC) evidence, attack impact analysis, and clear remediation guidance aligned with CERT-In and industry standards.
- Acted as VAPT SPOC, coordinating with clients, internal teams, and external stakeholders to validate fixes, support re-testing, and ensure timely closure of high-risk vulnerabilities.

VAPT Specialist (*Dievas Technologies Pvt. Ltd*)

Noida, U.P 10/2024 – 08/2025

- Led CERT-In VAPT empanelment initiatives as Team Lead, overseeing VA/PT Practical Skill Tests and ensuring effective vulnerability identification, exploitation, and audit-ready reporting.
- Managed and coordinated OFFPST and OLPST engagements, performing real-time attack simulations and vulnerability exploitation aligned with CERT-In expectations and compliance standards.
- Conducted manual and automated Vulnerability Assessment & Penetration Testing on web applications, delivering comprehensive security coverage within defined timelines.
- Identified and exploited critical application-layer vulnerabilities including XSS, SQL Injection, CSRF, authentication bypass, cryptographic weaknesses, and access control flaws.
- Produced detailed, audit-ready VAPT reports with proof-of-concept (PoC), risk ratings (Critical/High/Medium/Low), and actionable remediation guidance, aligned with OWASP Top 10 and risk-based prioritization.

Cyber Security Analyst (*Riskberg Consulting Pvt. Ltd*)

Gurgoan, Haryana 09/2023 – 08/2024

- Performed manual and automated Vulnerability Assessment & Penetration Testing (VA/PT) on multiple client web applications, ensuring comprehensive coverage and timely delivery.

- Managed on-site VAPT engagements for a client over an extended period, overseeing end-to-end testing activities and acting as the primary point of contact for coordination and communication.
- Executed internal penetration testing on clients' in-house applications and enterprise network environments to identify and mitigate security weaknesses.
- Identified, validated, and classified vulnerabilities using risk-based severity ratings (Critical, High, Medium, Low), supported by clear proof-of-concept (PoC) evidence.
- Collaborated closely with development and engineering teams to validate fixes, support remediation efforts, and improve overall security posture.

Certifications

- **Certified Ethical Hacker (Practical) EC-**
Council | Apr 2024 – Apr 2027 Credential
ID: **ECC2386741059**

[ECCOUNCIL](#)
- **Certified Network Security Practitioner (CNSP)**
The SecOps Group | Issued: Jun 2024 Credential ID:
8813850

[The SecOps Group](#)
- **Certificate of Paper Presentation**
Title: "Comparative Analysis of Cryptographic Algorithms in Computer Networks" Issued: May
2023

Education

M.C.A in Computer Application	Sep '21-Jul '23
Lovely Professional University Phagwara, IN	CGPA 7.4
B.C.A in computer Applications	Jun '18-Aug '21
University of Lucknow Lucknow, IN	Percentage 69.1

Skills

- **VAPT & Security Testing:**
Vulnerability Assessment & Penetration Testing (VA/PT), Web & API Security Testing, Network & Infrastructure Penetration Testing, OT/IT Security, Internal & External Penetration Testing
- **Standards & Compliance:**
CERT-In Empanelment (VAPT), OFFPST & OLPST, OWASP Top 10, CVSS, Risk-Based Vulnerability Prioritization
- **Exploitation & Reporting:**
Manual Exploitation, Proof of Concept (PoC), Risk Assessment, Remediation Validation, Client-Facing Technical Reporting
- **Tools:**
Burp Suite, Nmap, Nessus, SQLMap, Gobuster, Dirbuster, Acunetix
